

## Caving Lamp & Helmet Hire Terms

At present, we have the following equipment available for regular hire:

6 x Petzl Elios size 2 helmets

4 x Petzl Elios size 1 helmets

2 x Petzl Alveo helmets

The above helmets come fitted with a Petzl Pixa 3 lamp.

For very large & occasional arrangements we can supply up to 20 helmets with lights and have access to child's Petzl Picchu helmets as well as larger Petzl Alveo rope access helmets. We have a mix of Petzl Pixa 2 & Pixa 3 lamps.

### Price per day:

**£3.50** for each lamp and helmet combination without batteries

**£4.50** for each lamp and helmet combination with batteries\*

**£40** discounted rate for a full set of 12 helmets without batteries (10 size 2 and 2 size 1)

**£50** discounted rate for a full set of 12 helmets with batteries\* (10 size 2 and 2 size 1)

Costs for larger hire quantities are by negotiation.

Delivery drop offs (where possible) are charged at 0.45p per mile.

\* Batteries supplied will be Ni-Mh rechargeable 2500mAh minimum and be fully charged. These deliver an average of 6-8 hours light depending on model of lamp. We recommend you have additional batteries available if hiring lights for more than 1 day or have charging facilities.

### You can expect:

- Clean, well maintained, logged and inspected helmets as per industry standard
- Access to our helmet records on request
- Fully charged batteries (where hired)
- All equipment checked immediately prior to being hired to you and a refund for any lamp that does not arrive in working condition
- Access to 24 hour collection and drop off point in New Mills. Or, the TSG club house in Castleton for day time collection/drop off when we can logistically get the helmets to that location.
- We can deliver in some circumstances at a charge of 0.45p per mile, but can post (at hirer's cost) when it is not possible for you to arrange collection or for us to deliver
- Us to accept cash, PayPal or BACS payments by invoice. We reserve the right to ask for payment up-front during busy periods

### We expect:

- Equipment to be cared for in a way appropriate to its nature as personal protective equipment
- The hired items to be returned in a safe-for-use and undamaged condition. Usual wear and tear (scuffs) is expected but damage beyond this may reflect miss treatment of the item. Please do not return items completely caked in mud.

- The hiring individual or body is to replace lost or damaged items like for like or be invoiced for their replacement cost. This includes all batteries and postage costs.
- Lights should be stored with their case closed to prevent the yellow tab breaking
- Lights should be rotated out of storage mode by the staff member rotating the body. Do not allow clients to rotate the lamp using the switch as this may result in it breaking and you will be charged for a replacement.
- Invoices must be settled within 14 days of issue
- Equipment not returned to us during the specified time will incur an additional day's charge

Fitment sizes for helmets can be checked prior to hire at <https://www.petzl.com/GB/en/Sport/Helmets>

**In collecting, taking delivery of or committing to hire our equipment, you are agreeing to be bound by these conditions in their entirety with no changes unless by agreed written consent both parties.**
